

EuroSys 2018 Conference

April 23—26 2018, Porto, Portugal
<http://eurosys2018.org/>

The EuroSys conference series brings together professionals from academia and industry. It has a strong focus on systems research and development: operating systems, data base systems, real-time systems and middleware for networked, distributed, parallel, or embedded computing systems. EuroSys has become a premier forum for discussing various issues of systems software research and development, including implications related to hardware and applications.

The conference will span four days: associated workshops and tutorials on the first day will be followed by a three-day technical program with a single track of refereed papers (highly selective, with a typical acceptance rate below 20%). EuroSys has historically attracted between 250 and 300 participants. To learn more about EuroSys 2018, including organizers, topics, location, and schedule, please consult the Web site at <http://eurosys2018.org/>.

The ACM and the Special Interest Group on Operating System seek corporate support of our conferences. Recent sponsors include:

- | | | |
|-------------|----------|-------------------|
| • Cisco | • Intel | • Red Hat |
| • Microsoft | • Oracle | • SevenBridges |
| • Nordeus | • ARM | • Apple |
| • VMware | • Google | • Facebook |
| • IBM | • Levig | • Hewlett Packard |

There are various options for participating as a sponsor and we welcome the opportunity to discuss which one is best for you. Please see the sponsorship opportunities below for examples of ways you can participate, or feel free to contact us to discuss a custom package.

The name of all sponsors will appear in the official program and in the proceedings, together with their level of sponsorship (bronze, silver, gold, or platinum). The logos of the sponsors will be published on the official Web site in the list of sponsors with a hyperlink. All sponsors may supply a limited amount of materials to be given to each participant in the registration kit.

Bronze Sponsor **€2500**

This package includes 1 free entrance to the conference.

Silver Sponsor **€5000**

This package includes 2 free entrances to the conference and a poster in the registration area.

Gold Sponsor **€7500**

This package includes 3 free entrances to the conference and a poster in the registration area. Gold sponsors can be named as sponsor of a lunch or reception and will be announced as such, if they wish.

Platinum Sponsor **€10000**

This package includes 4 free entrances to the conference and a poster in the registration area. Platinum sponsors can be named as sponsor of the gala dinner and will be announced as such, if they wish. They can have a booth (table, chair + poster) at the conference.

In addition to funding the conference and associated events, your sponsorship will also enable us to continue funding the EuroSys student grant program, and support the future of the industry by helping the next generation of practitioners, developers, and researchers participate in this important event. All student grant applications are reviewed and selected by the EuroSys association.

If your organization is interested in sponsoring EuroSys 2018, please contact the sponsorship chairs at eurosys2018-sponsorship@outlook.com.
